Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1201/17	Cyprus	Bow and arrow set Country of origin: China		Choking The suction cup of the projectiles can easily detach. If a child puts the projectile in the mouth, the suction cup can detach, leaving the airways obstructed by it. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market
A12/1208/17	Finland	Fancy-dress accessories Country of origin: China		Chemical The plastic shoes contain di-(2-ethylhexyl) phthalate (DEHP) (measured value \square 20% by weight) and di-(2-butyl) phthalate (DBP) (measured value up to 12% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Import rejected at border
A12/1210/17	Italy	Toy make-up set Country of origin: China		Chemical The make-up contains nickel (measured value up to 45 mg/kg), arsenic (measured value 0.5 mg/kg), chromium (measured value up to 2.3 mg/kg) and lead (measured value up to 8.5 mg/kg). Nickel is a strong sensitizer and can cause allergic reactions if present in articles that come into direct and prolonged contact with the skin and arsenic is toxic. The product does not comply with the Cosmetic Products Regulation.	Import rejected at border
A12/1214/17	Poland	Toy dice Country of origin: China		Choking Small parts may easily be torn from the toy. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: Importer)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1218/17	Finland	Doctor toy set Country of origin: China		Chemical The toys contain di-(2-ethylhexyl) phthalate (DEHP) (measured value 4,3 % by weight) and di-(2-butyl) phthalate (DBP) (measured value 0.19% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation, DEHP, DBP and BBP phthalates are prohibited in all toys and childcare articles.	Import rejected at border
A11/0118/17	Cyprus	Electronic game Country of origin: China		Chemical, Choking The cover of the battery compartment can easily be opened without any tools and the batteries are accessible. They could cause damage to the child's gastrointestinal tract if put in the mouth and swallowed. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standards EN 62115.	Withdrawal of the product from the market
A12/1224/17	Finland	Fidget spinner Country of origin: China		Injuries The battery compartment can easily be opened without use of any tools and the button cell batteries inside are easily accessible. Children might put them in the mouth and swallow them, causing damage to their gastrointestinal tract. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 62115.	Import rejected at border
A12/1234/17	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 27.8% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market (By: Importer)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1236/17	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 27.6% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market (By: Importer)
A12/1238/17	Poland	Plastic toy tractor Country of origin: China		Choking Small plastic parts can easily be detached from the toy. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1249/17	Cyprus	Educational toy Country of origin: China		Choking The toy breaks easily, generating small parts. Small children may put the small parts in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1250/17	Cyprus	Educational toy Country of origin: China		Choking Small parts can detach from the small turtle. Small children may put these small parts in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1251/17	Cyprus	Educational toy Country of origin: China		Choking Small parts are easily detached from the toy. Small children may put the small parts in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1252/17	Cyprus	Educational toy Country of origin: China		Choking The toy breaks easily, generating small parts. Small children may put the small parts in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1253/17	Cyprus	Bow and Arrow set Country of origin: China		Choking The suction cups of the arrows can be detached. If a child puts a dart in the mouth, the suction cup could detach leaving the airways obstructed. The product does not comply with the requirements of the Toy Safety Directive and the Relevant European Standard EN 71-1.	Withdrawal of the product from the market (By: Manufacturer)
A12/1261/17	Czech Republic	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value 2.67 % by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market
A12/1267/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the doll's head contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 28.4% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market
A12/1268/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the doll's head contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 9.9% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1273/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 28.8% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market
A12/1274/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the dolls contains bis (2-ethylhexyl) phthalate (DEHP) (measured value up to 36.3% by weight). The plastic material of the white doll contains also di-butyl phthalate (DBP) (measured value 1.7% by weight) and di-'isononyl' phthalate (DINP) (measured value 0.6% by weight). The phthalates DEHP and DBP may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles while the phthalates DINP, DIDP and DNOP are prohibited in all toys and childcare.	Withdrawal of the product from the market
A12/1275/17	Cyprus	Shooting play set Country of origin: China		Choking The suction cups of the darts can easily be detached. If a child puts the dart in the mouth, the suction cup may detach and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market
A12/1276/17	Cyprus	Shooting playing set Country of origin: China		Choking The suction cups of the darts can easily be detached. If a child puts the dart in the mouth, the suction cup may detach and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1277/17	Cyprus	Shooting play set Country of origin: China		Choking The suction cups of the darts can easily be detached. If a child puts the dart in the mouth, the suction cup may detach and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market
A12/1278/17	Cyprus	Shooting play set Country of origin: China		Choking The suction cups of the darts can easily be detached. If a child puts the dart in the mouth, the suction cup can be easily detached leaving the airways obstructed by the suction cup. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market
A12/1280/17	Belgium	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value 28.7% by weight) and di-(2-butyl) phthalate (DBP) (measured value 0.25% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation, DEHP, DBP and BBP phthalates are prohibited in all toys and childcare articles.	Destruction of the product (By: Importer)
A12/1284/17	Germany	Children's fancy-dress mask Country of origin: China		Chemical The plastic material of the mask contains di-(2-ethylhexyl) phthalate (DEHP) (measured value 45.4 % by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles	Withdrawal of the product from the market (By: Retailer)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1285/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the doll's head contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 25.5% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market
A12/1286/17	Austria	Toy gun set Country of origin: China		Choking The suction cup of the projectiles can easily detach. If a child puts the projectile in the mouth, the suction cup can detach leaving the airways obstructed by it. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Warning consumers of the risks (By: Retailer)
A12/1287/17	Spain	Modelling clay Country of origin: China		Chemical The clay releases an excessive amount of boron (measured values: pink clay = 1914 mg/kg, brown = 6968 mg/kg, yellow = 1849 mg/kg). Ingestion or contact with an excessive quantity of boron may harm the health of children by damaging the reproductive system. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-3.	Withdrawal of the product from the market
A12/1289/17	Spain	Plastic doll mermaid Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value > 20% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1296/17	Malta	Ball Country of origin: Unknown		Choking Small parts can easily be torn from the foam ball. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: Importer) Recall of the product from end users
A12/1301/17	Malta	Puffer ball toy Country of origin: Unknown		Choking, Strangulation Small parts can be detached from the toy (the eyes and the ball with light), and the elastic cord can be considerably stretched during use. As a result, children could put the small parts in the mouth and choke, or the cord could get wrapped around the child's neck causing strangulation. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: Distributor) Recall of the product from end users
A12/1302/17	Spain	Plastic doll Country of origin: China		Choking Small parts become detached easily from the toy. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1305/17	Slovakia	Pull-along toy Country of origin: China		Choking, Strangulation Small parts (the tentacles) can detach easily from the toy. A small child may put them in the mouth and choke on them. In addition, the cord is too long, which may cause strangulation if it gets wrapped around the child's neck. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures, Recall of the product from end users, Warning consumers of the risks, Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1306/17	Slovakia	Pull-along toy Country of origin: China		Choking The red ball on the end of the cord can easily become detached, generating a small part. Also the wooden blocks are small parts. Small children may put the small parts in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures, Recall of the product from end users, Warning consumers of the risks, Withdrawal of the product from the market
A12/1309/17	Spain	Plastic doll set Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: >20% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Import rejected at border
A12/1311/17	Cyprus	Toy car Country of origin: China		Choking The toy breaks easily, generating small parts. Small children could put the small parts in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1316/17	Poland	Toy pushchair Country of origin: China		Cuts, injuries The locking device does not work properly. The toy pushchair could consequently collapse during use causing the fingers of a child to be crushed. Sharp edges on the locking device could cause cuts. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1317/17	Latvia	Wooden toy Country of origin: China		Choking The toy contains small parts. Small children may put the small parts in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Destruction of the product (By: Importer)
A12/1318/17	Latvia	Wooden toy Country of origin: China		Choking The wooden balls are small parts. Small children may put them in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Destruction of the product (By: Importer)

RAPEX – Rapid Exchange of Information System

The Rapid Alert System enables the rapid exchange of information (RAPEX) between **31 European countries** and the European Commission on non- food dangerous products found on the market posing a risk to health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <http://ec.europa.eu/rapex>. The measures taken in the notifying country in order to restrict their marketing or use can be ordered by national authorities ("compulsory measures") or be taken directly by producers and distributors ("voluntary measures").

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive (2001/95/EC) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a “one stop shop” for U.S. Government recalls, www.recalls.gov, has been created. Publics can report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall was conducted, voluntarily by the company, under CPSC’s Fast Track Recall program. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kind and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

STC (The Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 50 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but not limited to:

EU Requirements

- EN 71
- Phthalates (EC) no. 1907/2006
- Nickel Release (EC) no. 1907/2006
- Total Cadmium (EEC) no. 91/338
- Lead in Jewellery product (EC) no. 836/2012
- Azo-dye (EC) no. 1907/2006
- Bisphenol-A (2014/81/EU)
- DMF (Dimethylfumarate) (EU) no. 2011/135
- Flame retardants TCEP, TCPP, TDCP (2014/79/EU)
- Package Waste Directive (94/62/EC)

US & Canada Requirements

- ASTM F963
- CPSIA
- California Proposition 65
- 16 CFR 1501
- ASTM F2923 (Children's jewellery)
- ASTM F2999 (Adult's jewellery)
- US Toxic in Packaging Clearinghouse (TPCH)
- CCPSA - Toys Regulations (SOR/2011-17)

Japan Requirements

- Japan Toy Safety Standard (ST)
- Japan Food Sanitation Law (JFSL)
