

Your **Global** Testing, Inspection & Certification Partner

DO YOU KNOW YOU HAVE TO TEST YOUR PRODUCTS EVERY YEAR?

The CPSC requires that if you have reordered a new production lot since the last testing, you should retest your children's products every year to ensure compliance.

10%

Discount Off
for the total test

You may ask "Why do I need to do this, it's the same product?"

THE ANSWER IS SIMPLE. Unless you are still selling the same production lot that was tested previously, there could be changes in raw materials that you are not aware of, and what you thought was compliant really isn't.

STC IS HERE TO HELP

We will review your existing test reports, ask a few simple questions and recommend a course of action and also will throw in a discount for you!

DOCUMENT REVIEW

to determine your course of action

- If it's an STC test report, this service is at **NO CHARGE!**
- Reports from other labs **USD \$50**
(if you retest with us the USD \$50 will be credited to the total new test)

IF YOU NEED TO RETEST

- **10% discount** on the total test

A retest is recommended. We suggest having an STC inspector inspect your shipment to confirm the ongoing quality of your order and pull a random sample for testing.

All reports will be reviewed in our US lab in Wayne, NJ. If you tested in China, you can test in the same lab as the original testing in China or any STC China laboratories to suit your convenience!
